

# MASJID AL-ISLAM

Dallas, TX

THE BEACON OF LIGHT, COMMUNITY OUTREACH CENTER

## **EFFECTIVE as of March 12, 2020 11:16 PM**

Because of the outbreak of the Coronavirus (COVID-19), Dallas county has been officially [declared](#) a local public health emergency. This is due in large part to the newest diagnoses coming from Dallas residents with no history of travel. This means the virus is now community spread. This local state of disaster for public health emergency makes the risk for our Muslim community and neighbors that much greater.

In effort to not make this pandemic worse, we urge all individuals to be on guard and adopt all Centers for Disease Control (CDC) recommended precautions for minimizing this threat to their persons and families. As the Shura Board, this is not an easy decision. We pray that Allah protects all of us, and increases our forgiveness in this latest trial.

Until further notice, the Jumuah khutbah, and all other activities at Masjid Al-Islam Dallas will be cancelled. We encourage everyone to heed the medical guidance to address any experienced symptoms or suspected exposure. The masjid will only be open for the daily congregational prayers, as the participant numbers for these are well below the risk of communal endangerment.
