

MASJID AL-ISLAM

Dallas, TX

THE BEACON OF LIGHT, COMMUNITY OUTREACH CENTER

EFFECTIVE as of April 27, 2020 6:05 PM

Even though certain government officials have deemed certain businesses and religious centers may reopen, the medical community still lacks a sufficient infrastructure and protocol to successfully mitigate and avoid contracting the COVID-19. Consequently, many Islamic centers around the country have elected to continue their current social distancing and closure efforts to protect their community from becoming casualties of this pandemic.

For these reasons, Masjid Al-Islam Dallas and the Beacon of Light Community Outreach Center will remain closed. We will continue to confer with medical personnel and reassess as new information becomes available. During this time, the masjid will not be open for any daily prayers, or activities. Please continue to follow the most cautionary of medical guidance to address any experienced symptoms or suspected exposure.
